An after note...I want to apologize for the costs of the motels. Mary and I have been shopping them since the beginning of January and have found that we are visiting in what is still considered "High Season" We truly did the best we could. There were a few "bargains" out there however Mary was not willing to spend the night in a Roadway Inn with 2 star reviews to save \$10-15 dollars. I'm sure you all agree and understand. As always, I have built in a small contingency to cover any surprises. I do not expect any. As in past tours, and after all the final accounting has been reviewed, any excess registration monies will be refunded proportionately to each tour participant.
